Intel Security today announced that for the 9th consecutive time leading research firm Gartner, Inc. has positioned the company in the leaders quadrant in its “Magic Quadrant for Intrusion Prevention Systems (IPS)”, as published on November 16, 2015. According to the report, “Leaders demonstrate balanced progress and effort in all execution and vision categories. Their actions raise the competitive bar for all products in the market, and they can change the course of the industry.” View a copy of the Gartner 2015 Magic Quadrant for Intrusion Prevention and learn more about McAfee IPS.

This graphic was published by Gartner, Inc. as part of a larger research document and should be evaluated in the context of the entire document. The Gartner document is available upon request from Intel.
